1. Purpose and Aim of the Policy

Gaia Education is committed to ensuring the safety and wellbeing of children and vulnerable adults. This policy outlines the principles, legislation and practices that ensure that children and adults are not put at risk.

This policy applies to all staff, contractors, consultants, volunteers and Board members of the organisation regardless of geographical location. It also applies to those who carry out work on behalf of Gaia Education or who partner with us. They should take all reasonable steps to ensure the children and vulnerable adults who participate in our programmes are safe and protected.

Gaia Education does not tolerate bullying, harassment and sexual exploitation and abuse of children and vulnerable adults.

2. Definition

Safeguarding is defined as:

‘The fundamental standard: that children and adults using services we regulate must be protected from abuse and improper treatment. Providers should establish and operate systems and processes effectively to ensure this protection and to investigate allegations of abuse as soon as they become aware of them’. (Care Quality Commission:2015)

Safeguarding relates to the prevention of harm, not just to protection. Gaia Education believes that to be truly safeguarded children and vulnerable adults need to be safe, nurtured, respected, empowered and included.

Gaia Education also adopts OSCR 2020 definition: “Safeguarding is the action an organisation takes to promote the welfare of children and vulnerable adults to protect them from harm including physical, emotional, sexual and financial harm and neglect”.

3. Who is Vulnerable?

Children

This policy uses the UN Convention on the Rights of the Child (UNCRC) which defines a child as any person under the age of 18. It is our view that all children should be protected according to their rights under the UNCRC.

Vulnerable Adults

At Gaia Education we believe an adult may be vulnerable if:

- they have a physical disability
• they a mental illness or reduction in mental capacity
• they live in poverty
• they have a low status, and are at risk of discrimination on the grounds of age, sex, race, disability, religion or gender
